

February 18, 2018:

John 11: 1 - 44

Jesus brings life into the world.

LIFE APPLICATION QUESTIONS:

- Why do you think Jesus waited before returning to heal Lazarus?
- Why did Jesus say, “This illness does not lead to death”, even though he knew, before he arrived, that Lazarus had died?
- How would you have felt if Jesus hadn’t arrived in time, and it was your loved one who had died?
- What do you think Jesus was feeling when he wept?
- “I am the resurrection” is another “I Am” statement found in the Gospel of John. What other “I Am” statements can you recall?

These questions and the accompanying readings are not simply for knowledge. The primary purpose of studying God’s Word is assimilation.

How will you apply God’s Word to your life this week?
